ICP to function at Raxaul from April

Sagar Suraj

htpatna@hindustantimes.com

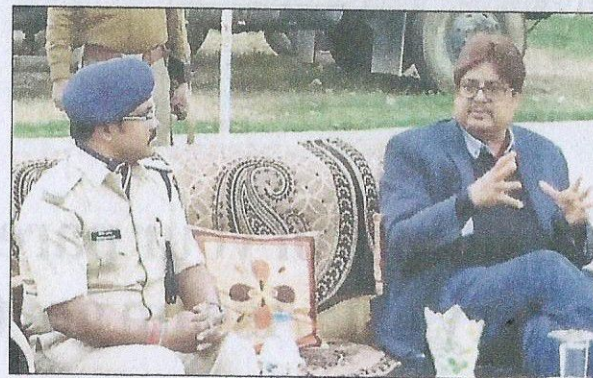

MOTIHARI: Chief commissioner of customs, Bihar & Jharkhand, Shiv Narayan Singh, said here on Tuesday that integrated check post (ICP) at Raxaul would start functioning from April.

Singh, who was here to supervise land custom station at Raxaul, talking to mediapersons said the ICP was yet to function

as the approach road from Nepal side of the check post had not been linked with that of India.

He said after creation of customs post, exports to Nepal had almost doubled and smuggling of contraband goods minimised.

Singh later held a meeting with officials and office-bearers of various trade organisations. The meeting was also attended by customs, CHA association, Birgunj and SSB.
